

THANK YOU

This year through the
Combined Federal Campaign
of the National Capital Area (CFCNCA),
you have shown how **the compassion of individuals**
joins with others to create **the power of community.**

Your participation in the CFCNCA means that people
in your community, across the nation and around the world
will have access to life-saving services
and life-enriching opportunities.

Thank you for your spirit of public service.
You inspire us all to serve and to make a difference.
