

## NOAA e-Pledge — Your express route to CFC giving

Ready to make your pledge to the Combined Federal Campaign? Here's a simple, secure way to make your commitment online. With the **National Oceanic and Atmospheric Administration (NOAA)** e-Pledge option, you can search and select the charities you want to receive your donation, set up a payroll deduction plan and submit your pledge with a few simple clicks.

That's it! Your CFC donation will be on its way to serve those in need, comfort the ill, search for cures, protect the environment and reach out to help in countless other ways.

Take advantage of the NOAA's e-Pledge option today.

- **It's safe and accurate.** NOAA e-Pledge calculates deductions automatically and transmits them securely to your payroll provider.
- **Available 24/7.** Select your designated charity and complete your pledge any day, any time, until the end of the NOAA campaign on December 5.
- **And it's paperless.** No forms to print out. No trips to the personnel or payroll office. When you make an e-Pledge, you save time and help the environment. Plus, by reducing overall campaign costs, more money is available for charities to help people and communities in need.

Remember, **December 5** is the FINAL day for NOAA employees to make 2009 pledges. Don't delay.

To begin, go to [www.cfc.noaa.gov](http://www.cfc.noaa.gov).

*Need help? Contact your CFC Keyworker for assistance.  
Or, go to [www.cfcnca.org](http://www.cfcnca.org) to learn about what your donation can do.*
